

Travelling with IBD

As of March 2007 EFCCA is piloting a series of Travelling with IBD (Crohn's and Colitis) Information Fact sheets in PDF format on this website. Currently the files are available for 10 of the 23 EFCCA member associations and are primarily in the English language. The Travelling with IBD (inflammatory bowel disease) files can be seen by [Clicking here](#) and can be printed. However please take note of the disclaimer contained in the individual country files.
